Introduction to NTPC Global Management Challenge

NTPC is conducting a dedicated business simulation competition based on Global Management Challenge - the world's largest strategy and management competition.

This will be the 4th edition of competition at NTPC, having previously participated by more than 3000 employees from the company.

The objective of the program is to enhance cross-functional learning and managerial ability among employees. The simulation exercise will have a special emphasis on strategy formation, scenario analysis, cross-functional coordination and forming consensus to make commercial and strategic decisions on Finance, Marketing, HR, Production / Operations etc.

Best 8 Teams from the NTPC Global Management Challenge will be nominated for participation in the flagship event of GMC India - National Finals 2025, scheduled in April' 2026.

Global Management Challenge, is the world's largest strategy and management competition

Global Management Challenge is the world's largest strategy and management competition participated by managers, students and executives. 30,000 participants from more than 20 countries around the world take part in the competition every year.

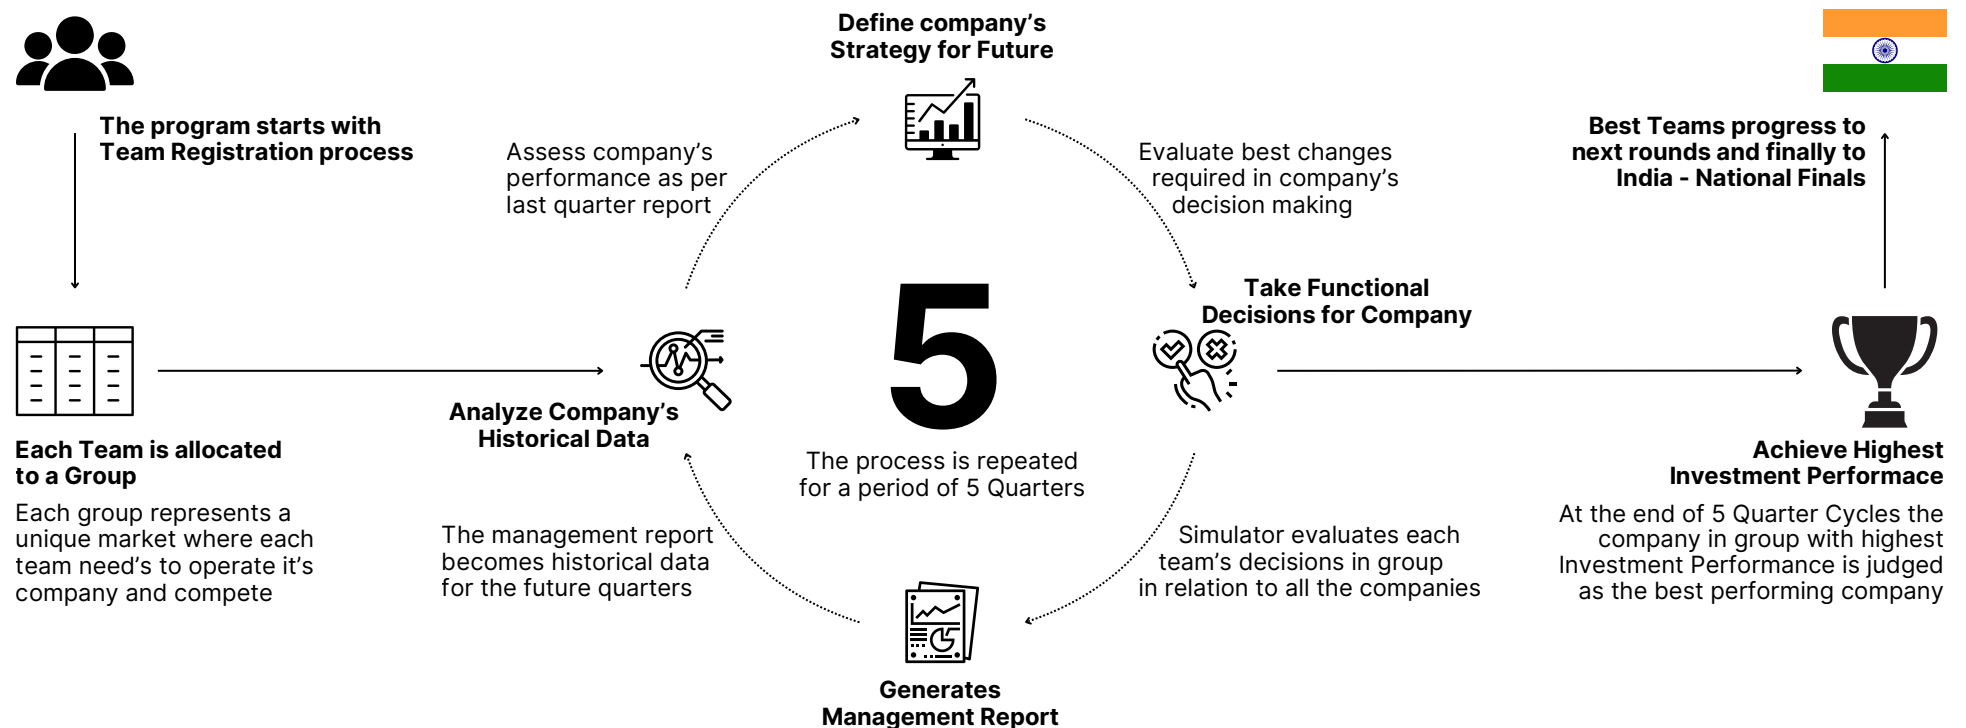

It consists of an interactive Business Simulation in which each management team manages a company, just like real life, in a virtual environment with the aim of obtaining the best investment performance for their company in the market in which it operates.

The platform is accredited by the EFMD - European Foundation for Management Development with EOCCS Certification. As of 2025, only 138 courses from 32 institutions in 16 countries are accredited with EOCCS Certification by European Foundation for Management Development (EFMD). The Training Certificate awarded in Global Management Challenge is accordingly equivalent to a "Diploma in Management".

Global Management Challenge is based on an interactive & cross-functional Business Simulation

The Simulation exercise is complex and informative, that deeply challenges participants knowledge and managerial ability.

NTPC Global Management Challenge 2024 edition

NTPC conducted the dedicated Global Management Challenge - the world's largest strategy and management competition (India - 2024 edition) with an objective to enhance cross-functional learning and managerial ability among employees. This was the third time that this dedicated challenge was being conducted for NTPC Executives.

The Competition was conducted between Nov 2024 to Feb 2025. The Competition was completely ONLINE and designed in such a manner that the participation in the Competition did not impact the day-to-day commitments of the participants.

The Company Level Final of the NTPC Global Management Challenge (GMC) was conducted on 7th March, 2025, through the online mode. The results of the Company Finals were announced by Sh. C Kumar, Executive Director (HR), who congratulated all the eight teams who had qualified for the Company Level Finals. He exhorted all the teams to use the learnings from such Competitions in their day-to-day work transactions.

The Team Alliance comprising of members from Vallur/Barauni emerged as Company Level Winner while the Team Magnates from CC-EOC Secundrabad secured the second place in this year's competition.

NTPC Executives at Global Management Challenge National & International Levels

Team from NTPC took part in the GMC International Finals 2021, held in Santiago de Compostela, Spain.
