Message from ED (HRD)

Dear Colleagues,

POWERGRID is embarking on an exciting journey with the upcoming Business Simulation Games 2026, and I want each of you to be a part of it. These games are not just activities—they are powerful platforms to sharpen your leadership, teamwork, and strategic thinking skills in a fun and engaging way.

Your active participation will help you discover new strengths, challenge your decision-making abilities, and prepare you for real-world business scenarios. Imagine the energy of hundreds of POWERGRID minds coming together, learning, competing, and growing side by side. That is the spirit we want to ignite!

I urge you to step forward with enthusiasm, join in large numbers, and make the most of this opportunity. Let us prove once again that POWERGRID's greatest strength lies in its people—driven, dynamic, and determined to excel.

Together, let's turn this initiative into a resounding success.

Bipin Kishor Mundu

Global Management Challenge, is the world's largest strategy and management competition

Global Management Challenge is the world's largest strategy and management competition participated by managers, students and executives. 30,000 participants from more than 20 countries around the world take part in the competition every year.

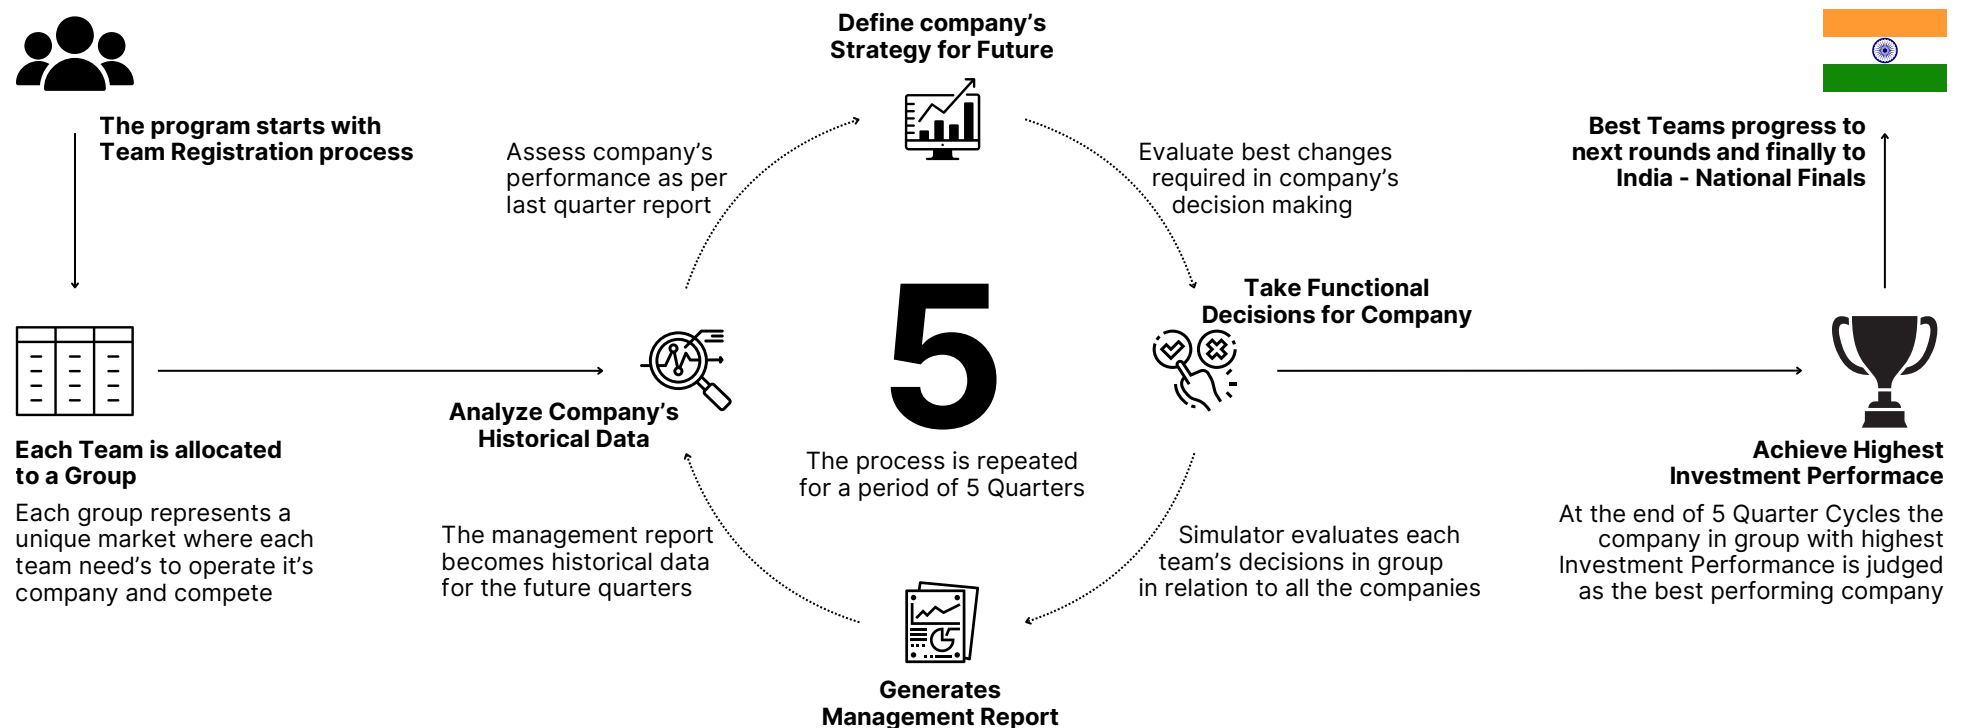

It consists of an interactive Business Simulation in which each management team manages a company, just like real life, in a virtual environment with the aim of obtaining the best investment performance for their company in the market in which it operates.

The platform is accredited by the EFMD - European Foundation for Management Development with EOCCS Certification. As of 2026, only 138 courses from 32 institutions in 16 countries are accredited with EOCCS Certification by European Foundation for Management Development (EFMD). The Training Certificate awarded in Global Management Challenge is accordingly equivalent to a "Diploma in Management".

Global Management Challenge is based on an interactive & cross-functional Business Simulation

The Simulation exercise is complex and informative, that deeply challenges participants knowledge and managerial ability.

Competition Format

Round 1

160 Teams

All registered Teams take part in the Qualification Round.

Teams are divided in **20 Groups** with 8 Teams each.

Top **4 Teams / Group** (or **max. 80 Teams**) are nominated for Round 2.

Round 2

80 Teams

80 Qualified Teams from last Round 1 will take part in Round 2.

Teams are divided in **16 Groups** with 5 Teams each.

Top **2 Teams / Group** (or **max. 32 Teams**) are nominated for Round 3.

Round 3

32 Teams

32 Teams nominated from Round 2 will take part in the Round 3.

Teams are divided in **4 Groups** with 8 Teams each.

Top **2 Teams / Group** (or **max. 8 Teams**) are nominated for Company Finals.

Company Finals

08 Teams

Teams are divided in **1 Group** with all the 8 Teams.

Top **8 Teams** are also nominated for **GMC India National Finals**.

Registration Guidelines

Form a Team of 3-4 Members:

To take part in the POWERGRID Business Simulation Games – 2026, staff members across all regions in POWERGRID are invited for participation. Each Team must consist of 3-4 members. As rules specified below.

- Each Team must consist of minimum 3 and maximum 4 members. In case of a team of 4 members, minimum 1 participant within the team must be a Female participant.
- It is advised that teams be formed with members from same location for better accomplishment of the simulation exercises.
- Each Team must nominate, 1 member among themselves as Team Captain. By default, the organizers will consider Team Member 1 as Team Captain.
- A participant can only be associated with 1 Team. Registrations with common participants shall not be accepted.
- Once the Registration is complete, the members within the team cannot be changed.
